

Dr. Lauren Comarda is a Board certified Pediatrician, and Fellow in the section of Neonatal-Perinatal Medicine at Oklahoma University Health Sciences Center. She has special interest in neonatal resuscitation, prenatal counseling, and care of the periviable neonate and thus is honored to be involved in planning OU's First Annual Symposium on Neonatal Resuscitation. In addition to her clinical and educational duties as a fellow, she is an active member of OUHSC Children's and Women's Quality Committee, Resident Council, and Neonatal Abstinence Syndrome Task Force. Her scholarly activities include a research project entitled "Expanding the Pathophysiologic Effect of Maternal Tobacco Exposure on Placental Membrane Integrity, a Pilot, Feasibility Study" as well as quality improvement projects regarding safe sleep practices in the NICU and updating the hospital protocol and creating an order set for the care of the periviable neonate.
