

## **Rachna Rai May, MD**

Rachna May completed her medical training at UT Southwestern in Dallas and pediatric residency at Duke Children's Hospital. After a decade away for training and work, Rachna moved back to her native state of Oklahoma in 2014. On her return to Oklahoma City, she founded the first and only pediatric palliative care team in the state.

Under her leadership, the Pediatric Palliative Care Team at Oklahoma Children's Hospital has grown to 4 full time members; sees over 250 patients annually; and educates pediatric residents and palliative care fellows. Five of the eight palliative care fellows continue to practice palliative medicine in Oklahoma and two pediatric residents have gone on to pursue careers in palliative medicine.

In her spare time, Rachna enjoys spending time with her husband and four children, being outdoors when the weather allows, and trying new foods.
