

Anisha Bhanot, MD

Hello, my name is Anisha Bhanot and I'm a PGY2 at OU Dermatology. I was born in Frankfort, Indiana and grew up in Edmond, Oklahoma. I attended medical school at the University of Oklahoma College of Medicine, where I discovered my passion for dermatology. I'm especially interested in skin of color and hair loss. Outside of medicine, my hobbies include cooking, baking, and spending time with my family!
