

OU DERMATOLOGY GRAND ROUNDS/MORPHOLOGY CONFERENCE

Course No. 21D18

Thursday, May 20, 2021

7:45 – 8:45 a.m.

“Morphology Conference”

Presented by:

Thomas Stasko, MD
Department of Dermatology

Professional Practice Gap: Practitioners may have difficulties describing and integrating cutaneous findings for rare dermatologic diseases. Cases will be presented to improve evaluation and diagnosis. Practitioners may have difficulties relating the path report to the patient’s condition. Through active review of the pathology with the dermatopathologist this situation will be improved. Patients may not respond to first-line treatments and practitioners may have difficulty developing additional strategies. Cases selected/presented will provide the opportunity to explore various treatment options.

Learning Objectives: Upon completion of this session, participants will improve their competence and performance by being able to:

1. Describe and integrate cutaneous findings for dermatologic diseases.
2. Integrate dermatopathology reports and appearance with the clinical findings.
3. Develop sophisticated treatment strategies for dermatologic diseases.

Disclosures & Resolution Report

The University of Oklahoma College of Medicine and the Irwin H. Brown Office of Continuing Professional Development must ensure balance, independence, objectivity and scientific rigor in all its activities. We have implemented a process where everyone who is in a position to control the content of an educational activity has disclosed to us all relevant financial relationships with any commercial interest. In addition, should it be determined that a conflict of interest exists as a result of a financial relationship one may have, this will be resolved prior to the activity. This policy is designed to provide the target audience with an opportunity to review any affiliations between the CME organizers and presenters and supporting organizations for the purpose of determining the potential presence of bias or influence over educational content. The following is a summary of this activity’s disclosure information.
