

January 29, 2020
4:00 – 5:00pm
Chapman Health Plaza
Tulsa, OK

Department of Surgery
#20D14
Mortality and Morbidity

University of Oklahoma College of Medicine, Office of Continuing Professional Development presents:

“Anastomotic breakdown after colostomy reversal requiring re-exploration, resection”
Presented by Kaily Ewing, DO, PGY5

“Massive hematemesis after inappropriate lovenox administration”
Presented by Joseph Buckles, MD PGY1

Learning Objectives: Upon completion of this session, participants will improve their competence and performance by being able to:

1. Recognize surgical problems earlier.
2. Apply more efficient use of diagnostic and therapeutic resources.
3. Apply optimal preoperative and intra-operative decision-making in terms of the choice of surgical procedure

However, no responsibility is assumed by OU for any claims, injury and/or damage to persons or property from any cause, including negligence or otherwise, or from any use or operation of any methods, products, instruments or ideas contained in the material herein.

Disclosure and Resolution Report

The University of Oklahoma College of Medicine and the Irwin H. Brown Office of Continuing Professional Development must ensure balance, independence, objectivity and scientific rigor in all its activities. We have implemented a process where everyone who is in a position to control the content of an educational activity has disclosed to us all relevant financial relationships with any commercial interest. In addition, should it be determined that a conflict of interest exists as a result of a financial relationship one may have, this will be resolved prior to the activity. This policy is designed to provide the target audience with an opportunity to review any affiliations between the CME organizers/presenters and supporting organizations for the purpose of determining the potential presence of bias or influence over educational content. The following is a summary of this activities disclosure information.
