Attending a Zoom meeting.

*If you have not yet attended a Zoom meeting, <https://support.zoom.us/hc/en-us/articles/201362193-Joining-a-Meeting>
will provide the information you need.*

Professional Practice Gaps: 1) There is a gap in our understanding of the signaling pathways involved in the pathogenesis of necrotizing enterocolitis. 2) There is a practice gap on novel ways to treat necrotizing enterocolitis.

Learning Objectives: Upon completion of this session, participants will improve their competence and performance by being able to:

1. Review the pathogenesis of necrotizing enterocolitis (NEC).
2. Describe the mechanisms by which breast milk is protective against NEC.
3. Recognize new ways to prevent the intestinal inflammation in NEC.

Disclosure & Resolution Report

The University of Oklahoma College of Medicine and the Irwin H. Brown Office of Continuing Professional Development must ensure balance, independence, objectivity and scientific rigor in all its activities. We have implemented a process where everyone who is in a position to control the content of an educational activity has disclosed to us all relevant financial relationships with any commercial interest. In addition, should it be determined that a conflict of interest exists as a result of a financial relationship one may have, this will be resolved prior to the activity. This policy is designed to provide the target audience with an opportunity to review any affiliations between the CME organizers and presenters and supporting organizations for the purpose of determining the potential presence of bias or influence over educational content. The following is a summary of this activities disclosure information.
