KEYNOTE SPEAKER

Jenny S. Radesky, MD

*Assistant Professor of Pediatrics
University of Michigan Medical School*

Jenny S. Radesky, MD, is an Assistant Professor in Developmental Behavioral Pediatrics at the University of Michigan Medical School. Her research examines use of mobile technology by parents and young children and how it relates to child self-regulation, parent mental health, and parent–child interaction. Her clinical and medical-education work focuses on developmental and behavioral problems in low-income and underserved populations, family advocacy, parent–child relationship difficulties, and autism spectrum disorder. She was lead author of the 2016 American Academy of Pediatrics policy statement on digital media use in early childhood.

COURSE DESCRIPTION AND PURPOSE

This activity is designed to foster improvements in physicians' and other healthcare providers' knowledge, competence and performance in general pediatrics by exploring what constitutes ideal evidence-based practice and applying that ideal across varied healthcare arenas. This fast-paced course will augment the traditional lecture format with expert panel discussions to enhance knowledge base and skill sets. Audience response systems will provide participants with immediate feedback, allowing the opportunity to reinforce comprehension and retention of key learning objectives. The course combines the latest in evidence-based medicine and best-practice strategies relevant to the topics being addressed. A full syllabus of educational materials will be provided online as a resource for those practitioners.

INTENDED/TARGET AUDIENCE

Physicians, Advanced Practice Registered Nurses, Certified Nurse Midwives, Certified Registered Nurse Anesthetists, Clinical Nurse Specialists, Licensed Practical Nurses, Nurses, Nurse Practitioners, Registered Nurses, Physician Assistants, Fellows, Residents, Medical Students, Primary Care Physicians including: Family Medicine, General Pediatricians, and Pediatricians.

COURSE GOAL

To provide physicians and other providers caring for children with current evidence-based practice guidelines relevant to the field of **general pediatrics**, augmenting the skill sets and knowledge base needed to care for **patients in a primary care practice**.

LEARNING OBJECTIVES

Upon completion of this activity, participants' competence and performance will improve by:

1. Understanding digital media use among children
2. Increasing comfort level in treating pediatric obesity
3. Identifying and treating children with problematic sexual behavior
