KEYNOTE SPEAKER

Robert M. Jacobson, M.D., FAAP

Dr. Jacobson is a Professor of Pediatrics at Mayo Clinic with appointments in Community Pediatric and Adolescent Medicine, Pediatric Infectious Diseases, and Health Care Policy and Research. He works as a primary care pediatrician at Mayo Clinic in Rochester, Minnesota; teaches research methods and evidence-based medicine to faculty, pediatric residents, and pediatric subspecialty fellows there; and works as the Medical Director for the Primary Care Immunization Program for Primary Care in Southeast Minnesota. He conducts research to improve the uptake of vaccines.

COURSE DESCRIPTION AND PURPOSE

This activity is designed to foster improvements in physician knowledge, competence and performance in general pediatrics by exploring what constitutes ideal evidence-based practice and applying that ideal across varied healthcare arenas. This fast-paced course will augment the traditional lecture format with expert panel discussions to enhance knowledge base and skill set. Audience response systems will provide participants with immediate feedback, allowing the opportunity to reinforce comprehension and retention of key learning objectives. The course combines the latest in evidence-based medicine and best-practice strategies relevant to the topics being addressed. A full syllabus of educational materials will be provided online as a resource for those practitioners.

INTENDED/TARGET AUDIENCE

Pediatricians, Family Medicine Practitioners and Nurses

COURSE GOAL

To provide physicians and other providers caring for children with current evidence-based practice guidelines relevant to the field of **general pediatrics**, augmenting the skill set and knowledge base needed to care for **patients in a primary care practice**.

LEARNING OBJECTIVES

Upon completion of this activity, participants will improve their competence and performance by being able to:

1. Describe signs and symptoms that you may see in the pediatric population as a result of the COVID-19 pandemic.
2. Describe new strategies for treating signs and symptoms in the pediatric population as a result of the COVID-19 Pandemic.
3. Explain two strategies to promote vaccines among vaccine-hesitant parents.
