**ACC Chapter
President;
Member,
ACC Board of
Governors**

You are cordially invited to attend the 2019 Oklahoma Chapter American College of Cardiology Annual Scientific Meeting on **Saturday, May 4**. The meeting site will be at the Rainbolt Family Auditorium in the Samis Education Center on the OU Health Sciences Center campus. This exciting program features speakers from both Oklahoma and outside. Please plan to attend this session, which provides a great opportunity to earn **3.00 AMA PRA Category 1 Credits™**, to listen to nationally noted speakers, to network with cardiac care providers from diverse communities within the state and to get to know cardiology fellows-in-training.

Cardiovascular science is constantly evolving, with both new discoveries and new therapies being published each year. This educational activity will provide the cardiovascular professional team with an update on a selected number of high-priority items identified from environmental scanning, with discussion of both the science and evidence behind current recommendations. **The overall goal for this year's conference is improvement of patient care through increasing learner competence, leading to improved performance in applying evidence-based use of evidence-based treatment options.** Topics emphasized at this session will include: an update on Spontaneous Coronary Artery Dissection; Cardiac CT in 2019: From Calcium Scoring to Coronary CTA; Insights from Atrial Fibrillation Genomics; Drug Eluting Stents and Drug Coated Balloons in Peripheral Artery Disease; An Overview of Complex and High Risk Inventional Procedures (CHIP) with Percutaneous Acute Mechanical Circulatory Support; and Risk Factor Management in the Treatment of Atrial Fibrillation.

This is a great opportunity to bring your whole team for a day of great professional development.

The ACC is our professional association and each of you, as Oklahoma ACC members, are key components of our state Chapter. We ask that you and your colleagues attend this very important and informative meeting.

LEARNING OBJECTIVES:

1. Review the pathogenesis and clinical presentation of spontaneous coronary artery dissection (SCAD)
2. Describe current recommendations for treatment of SCAD
3. Discuss aspects of SCAD that require further elucidation
4. Identify the role of coronary artery calcium scoring in current risk assessment and lipid guidelines
5. Describe the role of coronary CTA in the clinical assessment of symptomatic patients
6. Recognize the prognostic implications of findings on coronary CT angiography
7. Review the background for the use of percutaneous mechanical circulatory support (MCS) in complex PCI
8. Discuss the current evidence for the use of MCS in complex PCI
9. Describe the future directions of innovations in the use of MCS in PCI
10. Describe the effects of weight loss, physical fitness, and treatment of sleep disordered breathing on AF outcomes
11. Translate risk factor management into a comprehensive strategy of rhythm control in patients with AF
12. Identify the interaction between AF risk factors and the effectiveness of anti-arrhythmic drugs and catheter ablation
13. Apply our understanding of AF pathophysiology and limitations to current therapeutic options.
14. Recognize that there are genetic associations with common atrial fibrillation.
15. Assess the potential of genomic research to developing potential new upstream approaches to AF prevention.
16. Describe the current status of drug eluting stents and drug coated balloons in the treatment of peripheral artery disease (PAD)
17. Review the recent controversies about the use of drug coated balloons in PAD
18. Discuss the areas of future innovations and research in PAD treatment.

OKLAHOMA ACC'S PURPOSE

Our purpose is to contribute to the prevention of cardiovascular diseases, to ensure optimal quality of care for individuals with such diseases, and to foster the highest professional ethical standards.

Accreditation Statement

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the University of Oklahoma College of Medicine and the Oklahoma Chapter American College of Cardiology.

The University of Oklahoma College of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

The University of Oklahoma College of Medicine designates this live activity for a maximum of 3.00 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ABIM MOC Recognition Statement:

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 3 Medical Knowledge MOC point in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

Within 60 days of the end of the session, ABIM MOC Points will be reported on your behalf.

By providing your ABIM number, you consent to have the OUHSC CPD Office submit your participation in this activity to the ABIM through the ACCME PARS system.

For information about ACCME accreditation and ABIM MOC for this session, please email myrna-page@ouhsc.edu

The University of Oklahoma College of Medicine, Office of Continuing Professional Development has reviewed this activity's speaker and planning committee disclosures and resolved all identified conflicts of interest, if applicable.

2019 ANNUAL SCIENTIFIC MEETING

GENERAL INFORMATION

Overall Description

This annual one-day meeting is an exciting program that will highlight world-class faculty discussing up-to-date information about drugs and technologies that are indicated in a variety of common cardiovascular diseases. The content will be oriented toward the entire cardiac care team. The educational objectives of the session will address the skills required of cardiovascular professionals for providing evidence based care to patients with cardiovascular disease. The intimate format of this meeting will allow the audience to interact with invited speakers, network with colleagues from across the state and meet the cardiology fellows-in-training within the state.

Target Audience

Adult Cardiologists, Pediatric Cardiologists, Cardiothoracic Surgeons, Cardiology Fellows-in-Training, the entire Cardiac Care Team, including but not limited to: Nurses, Nurse Practitioners, Clinical Nurse Specialists, Physician Assistant, Pharmacists

Overall Need Statement

Cardiovascular science is constantly evolving, with both new discoveries and new therapies being published each year. This educational activity will provide the cardiovascular professional team with an update on a selected number of high priority items identified from environmental scanning, with discussion of both the science and the evidence behind current recommendations.

Nondiscrimination Statement

The University of Oklahoma, in compliance with all applicable federal and state laws and regulations does not discriminate on the basis of race, color, national origin, sex, sexual orientation, genetic information, gender identity, gender expression, age religion, disability, political beliefs, or status as a veteran in any of its policies, practices, or procedures. This includes, but is not limited to: admissions, employment, financial aid, and educational services. Inquiries regarding non-discrimination policies may be directed to: Bobby J. Mason, University Equal Opportunity Office and Title IX Coordinator, (405) 325-3546, bjm@ou.edu, or visit www.ou.edu/eoo.

Accommodations Statement

Accommodations are available by contacting Beth Quick-Andrews, C.A.E., at (314) 416-2240 or okacc@qabs.com as soon as possible.

Acknowledgement of Commercial and In-Kind Support

Commercial support is financial, or in-kind, contributions given by a commercial interest, which is used to pay all or part of the costs of a CME activity. A commercial interest is any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients. The ACCME does not consider providers of clinical service directly to patients to be commercial interests.

Appropriate acknowledgement of all commercial and in-kind support will be given at the time of the educational activity.

Disclaimer Statement

Statements, opinions and results of studies contained in the program are those of the presenters, authors and joint provider and do not reflect the policy or position of the Board of Regents of the University of Oklahoma ("OU") nor does OU provide any warranty as to their accuracy or reliability.

Every reasonable effort has been made to faithfully reproduce the presentations and material as submitted. However, no responsibility is assumed by OU for any claims, injury and/or damage to persons or property from any cause, including negligence or otherwise, or from any use or operation of any methods, products, instruments or ideas contained in the material herein.

Policy on Faculty, Presenters and Joint Provider Disclosure

It is the policy of the University of Oklahoma College of Medicine that the faculty, presenters and joint provider disclose real or apparent conflicts of interest relating to the topics of this educational activity, and also disclose discussions of unlabeled/unapproved uses of drugs or devices during their presentation(s).
